EDUCATION

Master in Computer Application | 2023-2025 Dr.Virendra Swarup Institute of Computer Studies

Diploma in Computer Science | 2019 - 2022 Government Polytechnic Unnao ,UP

High School | 2017 Sardar Patel Inter College Kanpur ,UP

Intermediate | 2019 Sardar Patel Inter College Kanpur ,UP

EXPERIENCE

Wfm experts | Software Developer | Kanpur, UP March 2025 – currently working

- Developed and deployed a full-scale project on Amazon Web Services (AWS), utilizing services such as ECS for container orchestration, ECR for image storage, S3 for object storage, and RDS for database management.
 - Engineered robust and scalable backend RESTful APIs using Spring Boot and Java, connecting to a PostgreSQL database for efficient data persistence and retrieval.
 - Established a complete CI/CD pipeline with Jenkins and Docker, automating the build, testing, and deployment processes, which significantly improved workflow efficiency and reduced manual errors.
-

PROJECTS

ATTENDANCE MANAGEMENT SYSTEM [FULL STACK] :

The **Attendance Management System** is a full-stack web application built with **React.js (Vite)** and **Spring Boot (Java)**. It features responsive student and admin dashboards, auto-calculates attendance percentages, and flags students below 75%. The system uses **RESTful APIs** for data exchange and follows a clean modular architecture with **Git & GitHub** for version control.

PORTFOLIO WEBSITE (REACT JS):

Designed and developed a responsive personal portfolio using HTML, CSS, and JavaScript, showcasing projects, skills, and experience through an interactive and modern UI. Implemented smooth scrolling, hover effects, and animations to enhance user experience, while ensuring cross-browser compatibility and optimized performance for fast loading.

SKILLS

Languages Java, HTML, CSS, JavaScript

Technology and Frameworks SpringBoot, ReactJS, MySql, Postgres, BootStrap, Java Collections Framework, Docker, Jenkins.

Developers tool Visual Studio Code, IntelliJ, Git and Github
